EDUCATION

Commonwealth University of Pennsylvania – Bloomsburg Anticipated, May 2028

Bachelor of Science in Digital Forensics & Cybersecurity GPA – 3.87

Minor in Information Technology & Analytics

RELEVANT EXPERIENCE

IT Assistant – Metro Meat Market, Forest Hills, NY June 2023 - August 2023

- Used HTML, CSS and JavaScript to develop a website for customers to access a catering menu and look up information such as store hours and social media. Provided customers with important updates.

Intern – Plainedge Planetarium, North Massapequa, NY September 2023 - June 2024

- Programed educational shows in a Digitarium® Planetarium using StratoScript for elementary students to learn about and interact with the Earth and space environments in an engaging way.

Cybersecurity Pre-College – Stevens Institute of Technology, Hoboken NJ June 2023

- I learned the basics of cybersecurity such as network structures, security vulnerabilities, as well as how to detect and prevent a cyber-attack.

President – PlainedgeTV, North Massapequa, NY September 2020 – June 2024

- Spent weekends and after school time live streaming and recording school events for families to watch, gathering thousands of viewers nationwide, leading to an increase in community engagement.
- Created a morning news video for the entire high school to watch every week, featuring school updates, sports games reports, weekly weather, as well as real world news. Received positive feedback from students, fostering a sense of connection and school spirit.
- Additionally, I took on leadership roles such as developing a website for this organization to allow community members to have access to events and news going on in the school district.

OTHER EXPERIENCE

Team Leader – Chick-Fil-A Levittown, Levittown, NY October 2023 - Present

- I maintain a positive guest relation by ensuring team members are fulfilling orders accurately and providing support to a guest whose order is prepared inaccurately by understanding concerns and providing appropriate compensation for any missing or incorrect items.
- I perform administrative tasks such as money management, ensuring registers are counted accurately and holding team members accountable for any discrepancy found.
- I foster a positive team environment by supporting team members in achieving high service standards, providing guidance and conflict resolution to ensure a respectful collaborative workplace.

Student Food Service Worker – Aramark, Bloomsburg, PA September 2025 – December 2025

- I prepare and serve Chick-fil-A at a quick service location on the Bloomsburg Campus while still maintaining strong academic performance.
